Environmental Assessment Services, LLC (EAS), is an SBA certified 8(a) Alaska Native Company. EAS provides comprehensive NEPA services, including the preparation of Environmental Impact Statements (EISs) and Environmental Assessments (EAS) for federal agencies, including the United States Air Force and United States Army. Our interdisciplinary team manages projects for clients across the United States and its territories, including Hawaii and Guam.

EAS specializes in bringing state-of-the-art sampling techniques and technologies, environmental experts, and a proven track record of solid field performance to tackle complex scientific challenges; comply with regulatory requirements; and monitor, protect, and restore natural resources while maintaining operational objectives. Our quality work products focus on performing scientifically sound studies to fulfill client needs.

EAS maintains a fleet of fully equipped research vessels that can be outfitted with specialized equipment and instrumentation to meet project needs. We offer a large pool of U.S. Coast Guard-licensed captains, experienced deckhands, divers, and scientists.
